

Orton Wistow Primary School – Curriculum Plan

Subject : Online Safety

Year : FS

Term : Autumn

Vocabulary

Define the word and include etymology if useful.

Knowledge

What children will know

Learning	Teaching	Assessment
Remembering	Telling	Testing

Understanding

What children will understand

Learning	Teaching	Assessment
Practising	Coaching	Observing

Skills

What children will be able to do

Learning	Teaching	Assessment
Reflecting	Facilitating	Evaluating

Media Balance is important
(media balance and well-being)

Device – a thing made or adapted for a particular purpose, especially a piece of mechanical or electronic equipment.

Online – controlled by or connected to a computer.

Balance – a situation in which different elements are equal or in the correct proportions.

- Know when and why to take breaks from device time.
- Know when they should turn off their device
- Know that it is healthy to have a balance in their lives

- Children will understand that they need balance in their lives and need to avoid spending too long online and on a 'device'.
- They will understand that although it can be fun, they could miss other opportunities if they are attached to a device for too long.

- Consider the feelings of people around them, even when engaged in fun online activities
- Choose alternative activities to being online / on a device
