

Orton Wistow Primary School – Responsible Computer and Internet Use

We use the school computers and Internet connection for learning.

These rules will help us to be fair to others and keep everyone safe.

- I will ask permission before using the Internet.
- I will only use my own login name. If I find a Chromebook or computer that someone else has logged onto I will log it off before using it.
- I will not look at or delete other people's files.
- I will not use storage devices such as memory pens in school without permission.
- I will use the Internet responsibly and inform my teacher of any inappropriate material I see.
- I know that the school may check my computer files and may monitor the Internet sites I visit.
- I understand that if I deliberately break these rules, I could be stopped from using the Internet or computers within the school.
- I will only use the printer with an adult's permission.

The school may exercise its right by electronic means to monitor the use of the school's computer systems, including the monitoring of web-sites, the interception of E-mail and the deletion of inappropriate materials in circumstances where it is believed unauthorised use of the school's computer system is or may be taking place, or the system is or may be being used for criminal purposes or for storing text or imagery which is unauthorised or unlawful.
